## ***In-Kind Contribution***

### **2009 Yosemite West Defensible Space Project**

The hours of volunteer labor that you put in each year for fire safety activities on your property have a dollar value. That value, along with your out-of-pocket expenses, is a measure of our community contribution, called an In-Kind Contribution, that is used to satisfy the community match on our 2009 National Fire Plan grant from the USDA Forest Service through the California Fire Safe Council. Participating Landowner agrees to make a minimum match of \$160 by any of or any combination of the three options described below.
